

Obtaining Pre & Post-test BDI-2 Reports Online in the BDI2 Data Manager Using Old & New (NU) Norms

Choose the Norming Period you need here:

When choosing the normative set for exit assessment, it is best practice to use the same normative set used for entry assessment.

How do I check the online database for an entry or exit score report?

- Go to www.bdi2datamanager.com
- For online website access only use:
Login ID: Reports619
Password: Repo619%
- Go to "Child Administration"
- Go to "Search Child"
- Enter the child's name or ID# & click "search"
- When the child's information appears, click on the "Reports" button in the "Actions" column (it looks like a bar graph), to the far-right of the child's name
- **Choose the Norming Period you need (BDI-2 Norms=old norms OR BDI-2 NU Norms)**
- Click on "Test Record Report" in the right-hand column (or score summary, if you prefer that view/report).
- Click on "Go to report criteria" at the bottom
- Select the assessment date.
- Click "View report."
- **Note:** Even if you generate a report based on the old norms, the logo in the top-left corner stays same.

How Do I Know Which Norming Period to Choose?

Entry and Exit Scores must be reported using the same norms, so if the entry was done on old norms, then the exit must be done on old norms as well.

- If the student's ENTRY BDI test date is prior to 10/01/16, use the old norms (BDI-2 Norms) for the child's Exit BDI.
- If the student's ENTRY BDI test date is on 10/01/16 or beyond, then the Exit BDI should be administered using the NU norms.
