Dear PreK SPED Teachers,

A half-day **BDI-2 Assessment Training** is now posted in My Learning Plan (MLP) for which you can register, if you would like to receive additional training on administering the Battelle Developmental Inventory-2 and using the Mobile Data System (MDS).

There are 2 sessions posted: one in the north, at Gratigny, and one south/central, at the PreK SPED Office.

They are both scheduled for the September 23rd Teacher Planning Day from 8:30am – 11:30am.

Please register in My Learning Plan, which you can access from the apps in your employee portal. Click on “District Catalog” on the left-side, and do a search for “BDI”. The half-day BDI PDs will come up. The 3rd PD that shows up is ONLY for teachers NEW to PreK SPED. ***These half-day trainings are NOT for teachers new to PreK SPED. You will be receiving that information in your full day training on 10/1/15, which is also now available on MLP for you to register.***

If you register, please plan to bring your class list with you to the training.

Wish you well,
Deanna
