

# The BELL Project: A Beaver Tale

a beaver's teeth go  
crunch, crunch, crunch

the trees in the forest  
go crack and crash

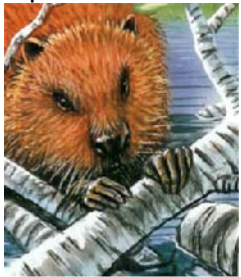

the beavers with their logs  
go pull and drag

The beavers' feet go  
paddle, paddle, paddle

The beavers' paws go  
push and shove

the mud from the river  
goes slop and slosh

the beavers' tails go  
slap, slap, slap

when beavers build  
their dam
