

# Grumbles, Growls, and Roars

Stomping, clomping  
on the land,

leaving footprints  
in the sand.

Munching, crunching  
in the breeze,

eating lots of  
juicy leaves.

Sliding, gliding  
in the sea,

giant creatures  
swimming free.

Looping, swooping  
through the air,

flying reptiles  
everywhere.

Shaking, breaking  
on the ground,

dinosaur eggs  
lie all around.

Fighting, biting  
in the heat,

battling over  
bits of meat.

Lying, dying  
in the cold...

just their bones  
growing old.

Hear the grumbles,  
growls and roars

in the age of dinosaurs!
