Subject: End of the Year Pre-K SPED Program Evaluation Survey

Dear Pre-K SPED Teachers,

We are announcing our 2007-2008 Pre-K SPED Program Evaluation Survey. We truly appreciate the input we get from each of you at the end of each year. The results of this yearly survey help us to plan professional development activities, order needed materials, and give targeted classroom support. We have made a great effort this year, with the assistance of our own Sheila Miguel, as well as Dorit Weintraub and Dr. Kimberley L. Megrath, of the Technical Assistance and Training System (TATS) of Florida, to formulate each question to collect specific data. Therefore, you will notice some differences from past surveys. Read each question carefully. The entire survey should take about 30 minutes. To access the survey, go to the front page of the website and click on "Take the survey now!" or click on the link below. Remember to hit the "Submit" button when you finish the survey.

We are offering a "special gift" for all who submit the survey by this year's due date, Monday, June 2, 2008. Thank you in advance for your input so we can continue to make improvements to our already exemplary program! Have a great weekend - Roni
