**SIBSHOPS** celebrates the many contributions brothers and sisters of children with a developmental or medical health need make every day! We, at **SIBSHOPS**, understand that brothers and sisters are valuable and have so much to offer one another, so that is why we would like to offer to you a “special time” where you can seek peer support and learn more about you and your sibling in a recreational and therapeutic setting.

**SIBSHOPS** is facilitated by Certified Child Life Specialists at Miami Children’s Hospital (MCH) and Miami-Dade County Public Schools (M-DCPS) Social Workers.

**\*Parent Support Group\*** is facilitated by Iliana Hernandez,  
Community Liaison Specialist, M-DCPS, from **\*\*12:00-1:30 PM**.
