title
**Grumbles,
Growls,
and Roars**

stomping,
clomping

the land

leaving
footprints...

looping,
swooping

the air

flying reptiles..

lying, dying in
the cold

front

munching,
crunching

the breeze

eating...

shaking,
breaking

the ground

dinosaur eggs...

just their
bones...

back

sliding,
gliding

the sea

giant creatures...

fighting,
biting

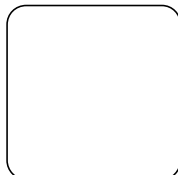

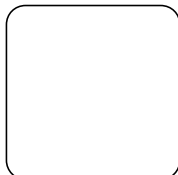

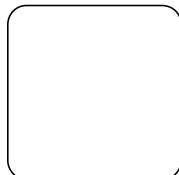

the heat

...bits of
meat
